

ZIGO

by Zaven

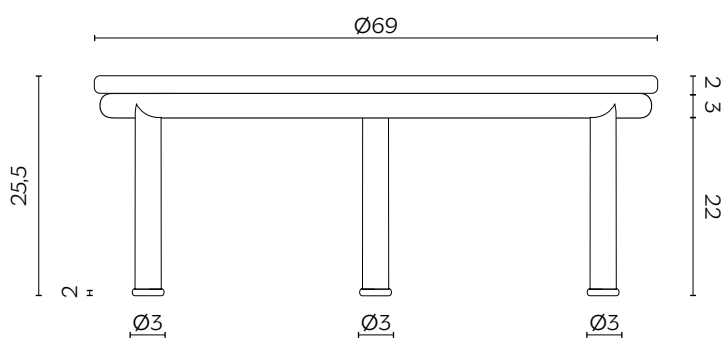

Centri concentrici si espandono da un design minimale, giocando con le trasparenze del vetro colato. Che sia alto o basso, le sue gambe toccano terra con un'insolita morbidezza, rendendo l'incontro con il pianeta Terra assolutamente spaziale.

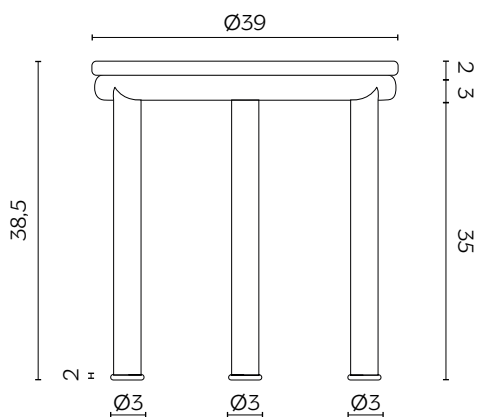

Concentric centres ripple out from a minimalist design, playing with the transparencies of cast glass. High or low, its legs touch the ground with an unusual softness, making its encounter with planet Earth totally spatial.
